## If You Read This

It will be to learn that the leading medical writers and teachers of all the schools of practice recommend, in the strongest terms possible, each and every ingredient entering into the composition of Dr. Pierce's Golden Medical Discovery, for the cure of weak stomach, dyspepsia, catarrh of stomach, "liver complaint," torpid liver, or biliousness, chronic bowel affections, and all catarrhal diseases of whatever region, name or nature. It is also a specific remedy for all such chronic or long standing cases of catarrhal affections and their resultant, as bronchitis, throat and lung disease (except consumption) accompanied with severe coughs. It is not so good for acute colds and coughs, but for lingering, or chronic cases it is especially efficacious in producing perfect cures. It contains Black Cherry bark, Golden Seal root, Bloodroot, Stone root, Mandarilla root and Queen's root—all of which are highly praised as remedies for all the above mentioned affections by such eminent medical writers and teachers as Prof. Bartholow, of Jefferson Med. College; Prof. Hare, of the Univ. of Pa.; Prof. Finley, of Chicago; Prof. John King, M. D., of Cincinnati; Prof. M. S. Kendall, M. D., of Cincinnati; Prof. Edwin M. Stone, M. D., of Hahnemann Med. College, Chicago, and scores of other equally eminent in their several schools of practice.

The "Golden Medical Discovery" is the only medicine put up for sale through druggists for like purposes that has any such "profound" endorsement—more than any number of ordinary testimonials. Open publicity of its formula is the best possible guaranty of its merits. A glance at this published formula will show that "Golden Medical Discovery" contains no poisonous, harmful or habit-forming drugs and no alcohol—chemically pure, triple-refined glycerine being used in the preparation. It is a most useful agent in the cure of all stomach as well as bronchitis, throat and lung affections. There is the highest medical authority for its use in all such cases. The "Discovery" is a concentrated glyceric extract of native medicinal roots and is safe and reliable. A booklet of extracts from eminent medical authorities endorsing its ingredients mailed free on request. Address Dr. R. V. Pierce, Buffalo, N. Y.

## STRIKE DECLARED OFF.

The building strike in the District of Columbia was broken last night by the Washington Bricklayers' Union, and that organization threatened to withdraw from the international union.  
The members unanimously voted to return to work under the old conditions. A committee of five was appointed to call on the bosses today and ask that the men who struck eight months ago, in sympathy with the plumbers, be taken back and allowed to work.  
The meeting was one of the stormiest ever held in the District, and at one time threatened to break into a riot. Members who have stood by the union for twenty-five years threatened to desert unless the strike was called off. They said other unions in the city have been permitting their members to work with nonunion men.  
Two weeks ago President Bowen, of the International Union of Bricklayers and Masons went to Washington, and practically took the strike out of the hands of the local union and ran matters to suit himself, according to the members of the Washington unions. He left the city about ten days ago, but left two representatives to look after the situation. These representatives were present at last night's meeting and prayed that the strike be continued, but the members of the local union rose with one accord, and declared that if the international union did not withdraw from the affair, they would withdraw from the international body.  
The two representatives, Mr. Fox and Mr. Brady, made a hasty exit.  
During the strike, the Washington union appropriated \$11,000 for the care of members who were out of work, and it was openly declared that less than \$4,000 can be accounted for.

At the international convention held in Detroit about two months ago \$25,000 was appropriated for the work of the Washington union, but as far as the members could ascertain, it was said, none of it had reached the union.  
It was said the bricklayers practically held the key to the strike situation, and with the returning of the key to the bosses, the strike is practically at an end and that all the building trades unions would return to work.  
At the close of the meeting the two representatives of the international union requested that the Washington union send a statement to the parent body stating just what had taken place at the meeting, and requesting that they, Messrs. Fox and Brady, be taken from the field and the Washington organization be permitted to settle the strike as they saw fit.  
This was done, it was said, through fear of the local union withdrawing from the international body.

**Gentle and Effective**  
A well-known Manitoba editor writes: "As an inside worker I find Chamberlain's Stomach and Liver Tablets invaluable for the touches of biliousness natural to sedentary life, their action being gentle and effective, clearing the digestive tract and the head." Price, 25 cents. Samples free. W. F. Creighton and Richard Gibson.

**WAR WITH MOSQUITO INDIANS.**  
A report that about sixty whites and Indians have been killed in Nicaragua in bush warfare waged by Mosquito Indians reached New Orleans yesterday. The death list of whites numbers about twenty. The fighting started over a month ago on the Caribbean coast, where the Indians attacked Prinzapolca Bar, a small town. They hid behind bushes, pouring into the village a fire which killed two men. A long, hard fight resulted, soldiers and citizen volunteers finally driving the attackers back, about a dozen of the Indians being killed or mortally wounded.  
The other Indians fled, but many of them were captured, and after being severely beaten with rawhide, balls and chain were placed about their legs and they were imprisoned in an improvised stockade.  
Another engagement took place at Cape Gracia, near the border of Nicaragua and Spanish Honduras. Here the casualties among the troops were five, but the Mosquitoes were no more successful than before and fled to the mountains.  
Since then troops have been sent into the Mosquito district and several skirmishes have occurred. It is reported that treachery and cunning have been used on both sides. Wherever a party of white men get a chance they generally kill the Indians without mercy, and the Indians slain several soldiers whom they caught in the forests.

## Southern Railway Spring and Summer Schedule.

Southern Railway inaugurates its spring and summer schedules today, April 13th, throughout its entire system. It has been found necessary, for economic reasons, to curtail train service in some instances. Not 9 and 10, local trains between Washington, Alexandria and Danville, Va., and Nos. 33 and 34, through trains between Washington, Alexandria and Augusta, Ga., are discontinued and the schedules of other trains readjusted and the sleeping car lines augmented to fully meet the requirements of the traveling public. The facilities, however, for reaching the various summer resorts and commercial centers of the Southern States, including western North Carolina, Gulf Coast and Texas points and New Orleans, have not been abridged.  
Train No. 35, for Atlanta and New Orleans, passing Alexandria on new schedule, 8:32 a. m., and doing local work from Manassas to Danville, will stop at Alexandria to take on and leave passengers.  
The schedules on the Bluemont Branch, points along which are liberally patronized by our Alexandria people, will be adjusted later in the season.
